Subject: RE: Request for satisfactory performance certificate

Dear Saleem sb,

WFP in partnership with HUIRA is currently implementing Livelihoods projects in 3 agencies of FATA and CBDRM project in upper Swat for the last 2 years.

Most of our projects are renewed after each 6 months and the selection for the new term is competition based among the partners and also depend on the performance assessment of the last phase.

Nevertheless, our partnership with HUIRA is satisfactory and continued in both FATA and Swat.

Regards

Khalid Rasul
